RE: Response to Public Information Request COSA ORR No: W498678-012723

Dear Mr. Serpico:

This letter responds to your request for information to the City of San Antonio, dated and received in our office on January 27, 2023.

Information Requested:

I am requesting an opportunity to inspect or obtain copies of public records that show how many visitors each public swimming pool managed by the city received between January 1, 2018 — or the most recent date data are available since then — through the completion date of this request.

When I visited a public swimming pool last summer, I recall needing to sign in with my name, age and the current date. Because of this, I believe the parks & recreation department must have this data in a spreadsheet somewhere.

Ideally, I would like to see the number of visitors to each indoor/outdoor pool by day. But if the data are in a different format, I'm willing to work with the department.

I would prefer the data to be in a CSV or Excel spreadsheet.

In the case names or age would violate laws around personal identifiable information, you may omit. I'm primarily interested in visits to each pool by date.

The City of San Antonio has reviewed its files and has located the attached files that are responsive to your request. Please log into your GovQA account at www.sanantonio.gov/opengovernment to retrieve your responsive records.

Please take note of the following in regard to the responsive documents:

Outdoor Pools:

- FY2018 & FY2019: standard operations for Summer Outdoor Pool Season
- FY2020 (Closed Due to COVID-19)
- FY2021 (9 Pools Open)
- FY2022 (23 Pools Open w/ Staggered Opening Dates)

Natatorium:

- FY2018, FY2019, and FY2020
 - Only Monthly Data Available
- FY 2021 Reporting Process Changed
 - Daily Count Includes All Visitors to Pool – including private visitors under usage agreement
- FY 2022 and FY 2023 Reporting Process Enhanced
 - Daily Count Includes Only Public Visitors to Pool – with private visitors under usage agreement separated

Although the Public Information Act allows a governmental body to charge for copying documents, the enclosed is being provided to you at no charge.

Please let me know if we can be of any other assistance.

Sincerely,

Homer Garcia III
Director
